# this sale was originally planned to be a complete dispersion

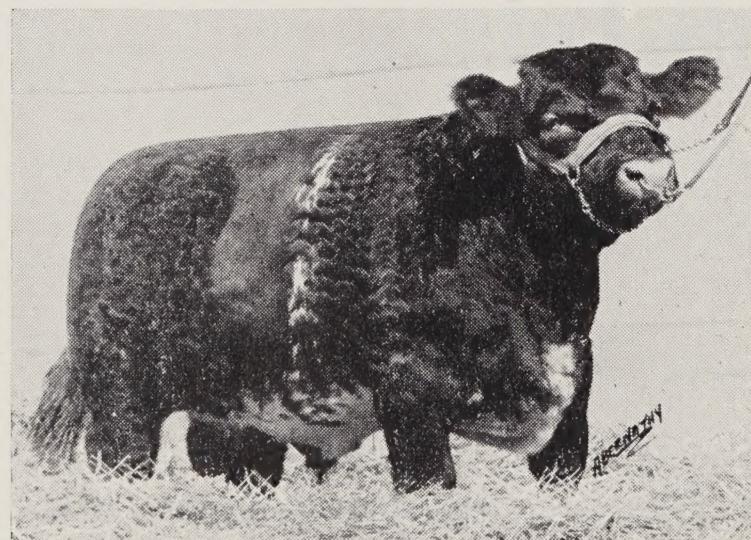

This sale was originally planned as a complete dispersion of the Everlee herd. Everett Brown and his son, Bill, are farming over 900 acres of crop land. The decision to sell was based upon Everett's feeling that he was not able to give proper time to the development of the cattle.

Everett, who is a past president of the Illinois Shorthorn Breeders' Association, and his wife, are well known to Shorthorn breeders and have always been breed boosters. They have thoroughly enjoyed the herd and the many friends they have made in the business. This has been a very profitable and prolific herd—never large, but ruthlessly culled.

As the time for the sale approached, the prospect of Everlee Farms without any Shorthorns was more than the Browns could bear. So, they decided instead of making it a **complete** dispersion they would sell everything except Bridegroom 12th and eight of the oldest cows.

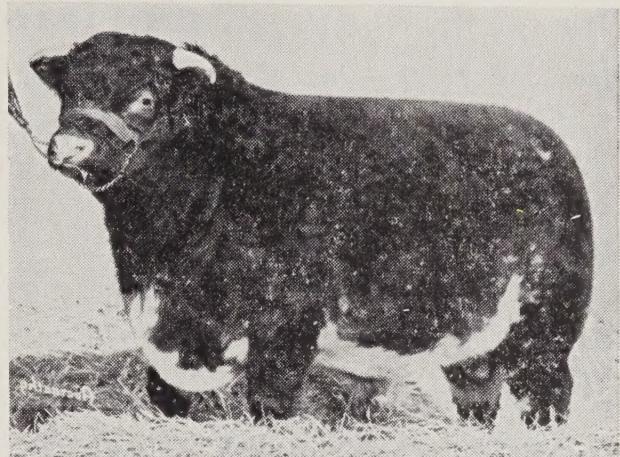

Anyone who knows this herd or who attends this sale will see immediately that the Browns have not kept the pick of their herd. This is because Everett Brown knows that for this sale to be considered a dispersion, the best breeding animals must be sold. Almost without exception, daughters and granddaughters of the eight cows to remain at Everlee are offered in this sale.

Although the Browns have been most fortunate in their selection of herd bulls and have earned a reputation of picking one good breeding bull after another, there is little doubt in anyone's mind that Bridegroom 12th is the best sire they have ever used. While this bull is not himself to be sold, all of his daughters and sons, old enough to sell are included in the offering. There are a number of calves at foot by him with their dams, and the big share of the females carry his service.

Bridegroom 12th, as he looked when he won the grand championship of the 1953 Indiana Shorthorn Breeders' Association show and sale.

Everlee Victory 2nd. Sold for \$2000 in the 1950 International sale to Art Johnson & Sons, Balaton, Minnesota. Sire, Burnton Victory. Dam, Venetia Rosebud

This is no ordinary herd. Cows like Venetia Rosebud 3d, Everlee Lavender 5th, and many others selling are the kind that raise stock bulls . . . the kind most people dream of owning but never do . . . the kind that are rarely offered for sale.

The cattle are fully guaranteed. Also, note that 13 daughters of the grand old sire Burnton Victory are to be offered . . . and that many of the best calves on the farm are out of his daughters.

The strong consignments of Charles Wise and Edgar Wise are commented on elsewhere in this catalog. The addition of twenty-five top ones from these herds makes this offering one of the strongest of the entire fall sale season.

# Guarantee

1. Proper care must be given by purchaser to protect breeding qualities and health of guaranteed animals.
2. All bulls are guaranteed breeders, provided they are not allowed to serve when under 14 months of age, or allowed to run with the herd when under 20 months of age. In case of failure of a bull to be a breeder, notice shall be given to the seller within six months of date of purchase, or by the time the bull is 20 months of age, if purchased under 14 months of age.
3. With the exception of heifers sold under 14 months of age, all females are guaranteed breeders. Heifers under two years of age shall not be served by a heavy or old bull. The expense of freight in such case is to be paid by the seller. If the animal is then proved to be a breeder beyond doubt it shall be returned to the purchaser at his expense. In case of dispute the return of the full purchase price, without interest, to the buyer will be considered full settlement and satisfaction of all claims. No charge for feed or maintenance shall be made by either buyer or seller. Salvage shall go to the seller. It shall be understood that the same guarantee given for the first animal shall likewise apply to any animal later substituted.
5. All animals are sold to comply with the laws regulating Tuberculosis and Bangs disease of the state or county into which they may be shipped.
6. Certificates of registry and transfer will be furnished with each animal sold. A signed pedigree application for unborn calves should be furnished with bred females, showing names and record numbers of sire and dam, as well as service date.
7. Shipment will be made as soon as possible after the close of the sale, but at purchaser's risk of loss or injury after animal is bid off. Where cattle are sold at private treaty the above terms should apply as well as for sale at auction.

Burnton Victory has had a long and successful career in our herd. He is still in service at ten years of age. We are not selling him because we do not think he should be moved at this age. He has filled our herd with top females. His daughters are especially good brood cows. We haven't fitted a show herd for some time, but whenever we or others have shown his get they have been successful. His sons have done well in top herds. Among the best known is Everlee Victory 2nd sold for \$2000 in the 1950 International Congress Sale. Eleven daughters sell, along with many out of Burnton Victory dams.

## The Wise Consignments

Those who follow the sale columns of The Shorthorn World are quite aware that Charlie Wise has been one of the leading buyers of top females over the past five years. He has not minded laying down the money for a good one.

This sale provides clear evidence that investing in the best bred heifers pays off. A large part of his strong consignment to this sale is made up of heifers purchased in dam or at foot with their dams. The sires of his sale entries reads like a roll call of the best breeding bulls in central Illinois . . . Kirkton Eureka, Burnton Mar-mion, Kair Envoy, Cromleybank Ben Lomond, Edellyn Royal Leader 28th, Burnton Victory, Bapton Commando 4th, Lo Mar Royal.

The Charles Wise herd is one of the most select you will ever see. For a number of years he has consigned top animals to the South Central Illinois and other Illinois sales. This is his first venture as a participant in a production sale. He is bringing out a group that would make any breeder proud.

When Everett Brown decided to keep a few older cows, Edgar Wise, Moweaqua, was asked to put in six head. This is another herd that has consistently topped consignment sales. Each summer Edgar Wise has been out with a strong show herd. Most of the animals he is selling come from his 1955 show herd. Tom Wise, also of Moweaqua is selling a heifer, also from his show string.

This group of heifers will be sold by Charles Wise in this sale.

Kair Bahram—Shown successfully by Mathers Bros. in 1951 and sold in their sale that year for \$3100 to Corray Bros. We purchased him when they sold their herd. His pedigree needs little comment. Every bull in this pedigree is well known to all who understand Shorthorn pedigrees. The Kair Butterflies are regarded as one of the best families in Scotland. It would be difficult to write a pedigree with more powerful sires. A number of the females in this sale are well along in calf to this good breeding bull.
